

SCPA Operations Committee
2025/2026 Board Year Annual Report

The 2025/2026 Operations Committee consisted of Carol Mollerup, Ted Bentley, Brian Chipman and Michael Jackson (Committee Chair)

The operations Committee was also supported by non-board volunteers Wendy Skeath, Dan Tardif and Debra Nelson, Deanna Cattnach and Tom Pinfold who were instrumental in making our school play a success at Gibsons Elementary, Roberts Creek Elementary and Kinnikinnick Elementary schools.

The Committee's objectives for the past year included managing equipment and supplies for the Association, offering AED and CPR training and providing playing opportunities for our members at schools, arenas and outdoor courts.

SCPA equipment used to be located at various board members' homes but on 7 June this year they were all relocated into a storage container located on Nickerson in West Sechelt and an inventory count was completed.

School play at Roberts Creek Elementary (1 day a week), Kinnickinick Elementary (1 day a week) and Gibsons Elementary (3 nights a week) were again well attended. Over the course of the school year RCE hosted 447 players and on 18 April an AED and CPR class for 15 participants, KES hosted 173 players and Gibsons 1,198 players.
